

RAM KISHOR TAK

WORK EXPERIENCE

- **Celebal Technologies, Jaipur, Rajasthan, India**
Integration Developer *May, 2016 - present*

WORK DETAILS

- 2+ years of experience using **Talend Data Fabric (6.1, 6.2) / Talend MDM (6.1/6.2)** and 1+ year of experience with **Talend Admin Console (TAC)**.
- **Certified Dell Boomi Integration Cloud Developer (Professional Edition)**. Extensively used ETL methodology for performing **Data Profiling, Cleaning, Migration, Standardization, Stewardship**. Strong Hands-on experience on Microsoft Azure Services, Power BI, Elasticsearch, Kibana, Cloudera and SAP IQ.
- Experience in Designing and Developing data integrations from **SAP SuccessFactors to Azure SQL, SQL Server to ElasticSearch, SAP ECC to Salesforce, Lynx to Salesforce, Oracle to Sybase IQ** and many more.

PROJECTS

- **Master Data management, Data Integration and Data Visualization on Clinical Trials Data.**
 - **OBJECTIVE:** Perform ETL and Master Clinical Studies Using **Talend Data Fabric**.
 - **CLIENT:** Bioclinica.
 - **DURATION:** 19th Feb, 2016 to 1st April, 2017
 - **RESPONSIBILITY:** Development.
 - **DETAILS:** Analyzed, designed and implemented solutions based on the technical requirements. Developed ETL Jobs using **Talend Data Fabric** and **Python scripts**. **Mastered** source data using **Talend MDM**. Monitored **performance** and advised any necessary infrastructure changes. **Data modeling, Data Cleaning, Data Profiling, Database Optimization**, understanding and implementation of the schema. **Visualization** of MDM Data on **Microsoft Power BI** and **Kibana** and performed full-text search on **Elasticsearch**.
- **Enterprise Data Integration from SAP SuccessFactors to Azure SQL Database.**
 - **OBJECTIVE:** Perform ETL on SAP SuccessFactors APIs and then push the data inside Azure SQL using **Dell Boomi Integration Cloud platform**.
 - **CLIENT:** Tata Communications.
 - **DURATION:** 2nd Jan, 2018 to 20th Feb, 2018
 - **DETAILS:** Developed **Dell Boomi processes** to pull data from SuccessFactors modules such as **Employee Central, Recruiting** and pushed into their respective **Azure SQL table**. Worked on various **Boomi connectors** like SuccessFactors, Azure SQL, SAP, Database, Disk, Mail, and FTP. **Used Advance Boomi Shapes** such as Data process, Add to cache, Business Rules, and Flow Control. Extensively used XML, Database, and Flatfile profiles.
- **Enterprise Data Integration from SAP ERP to Salesforce CRM.**
 - **OBJECTIVE:** Perform ETL on SAP BAPIs, SAP RFCs and then push the data inside Salesforce using **Dell Boomi Integration Cloud platform**.
 - **CLIENT:** Vertellus.
 - **DURATION:** 21st Feb, 2018 to 10th April, 2018
 - **DETAILS:** Developed **Dell Boomi processes** to pull data from SAP BAPI and RFC modules such as **Accounts, Sales Area, Orders** and pushed into their respective **Salesforce objects**. Applied Logic in dell boomi to get only active sales areas of each customer which was based on multiple functional scenarios. Maintained account hierarchy in Salesforce same as SAP.

➤ **Enterprise Data Integration from Lynx database to Salesforce CRM.**

- **OBJECTIVE:** Perform Data Migration from Lynx database to Salesforce using **Dell Boomi Integration Cloud platform**.
- **CLIENT:** AIS Healthcare.
- **RESPONSIBILITY:** Individual.
- **DURATION:** 11th April, 2018 to **Current**
- **DETAILS:** **Developed Dell Boomi processes** to pull clinical data from Lynx stored procedures and pushed into their respective **Salesforce objects**. Developed, deployed delta processes and scheduled them on Boomi Atoms.

➤ **Enterprise Data Warehousing for Railway Analytics.**

- **OBJECTIVE:** Installing, Configuring, Monitoring **SAP Sybase IQ 16.0**.
- **CLIENT:** **Centre for Railway Information Systems (CRIS)**
- **RESPONSIBILITY:** Individual.
- **DURATION:** 6th Sep, 2017 to 29th Dec 2017
- **DETAILS:** Configured raw devices on rhel 7, Created and set up 2 node SAP Sybase IQ **Multiplex cluster** which can store up to **20 TBs** of data and support real-time query operations. Built Sybase IQ databases and monitored the performance of databases.

➤ **Enterprise Data Warehousing for Reporting Applications.**

- **OBJECTIVE:** Installing, Configuring, Monitoring Sybase tools like **Sybase IQ 16.0**, Sybase Replication server 15.7, Sybase Adaptive Server Enterprise 16.0, SAP Powerdesigner, SAP Data services.
- **CLIENT:** **Department of Information and Technology, Rajasthan Government**
- **RESPONSIBILITY:** Individual.
- **DURATION:** 6th July, 2017 to 4th September, 2017
- **DETAILS:** Installed and configured SAP IQ 16.0 and SAP Replication Server, **Replicated data from Oracle to SAP IQ in real time using Replication Server**, Created **ETL Jobs** to clean Oracle data and removed **duplicate records** from Oracle data and inserted it into SAP IQ.

TECHNICAL SKILLS

- **Talend Data Fabric, Talend MDM, Dell Boomi Integration Cloud, Microsoft Azure Services, Microsoft Power BI, Elasticsearch, Kibana, SAP Sybase IQ, Apache Hadoop, Apache Spark, Hive, Pig, Oozie, Sqoop. Power BI Cloud, Google Cloud Platform, Amazon Web Services, Cloudera (CDH V.5.X) Openstack (Havana), Tableau.**
- **Programming Language: Python; Query Language: SQL.**

ACADEMIC DETAILS

- **Swami Keshvanand Institute of technology (Rajasthan Technical University).**
B.Tech in Computer Science *July, 2012 - May, 2016*
- **Hind Public Sr. Sec. School, Nagaur (RBSE)**
XII class *2011*
